

## Balboa Park Conservancy: Values Strategy Screen

**Purpose:** Ensure that all projects adopted by the Conservancy are considered in light of the ten community-identified values key to ensuring Balboa Park's legacy.

**Instructions:**

<i>Step 1</i>	Project Committee meets to discuss each project and the extent to which each value is present.
<i>Step 2</i>	Committee collectively assigns if a value is present or not.
<i>Step 3</i>	Results are compiled and other considerations such as cost, development time, and phasing are factored in. The project is then prioritized.
